Summary

- Computer Hardware Testing.
- Power Supply - SMPS Modeling with LTSPICE and running simulations.
- RF Testing - Upconverter, Downconverter, Transmitter, Receiver.
- Well-versed with Verilog, C Programming, Python, LabVIEW, MATLAB, JavaScript, HTML, CSS.
- Self-Designed Website - Real Estate with Jim Ngo.

Education

MSEE - Loyola Marymount University	Los Angeles, CA	09/86 – 06/88
BSEE - California State Polytechnic University	Pomona CA	09/81 – 06/86

Work Experience

Sr. Electronic Lab Technician — 03/22 – Current

Alcon - Lake Forest, CA

- Fabrication of prototype instrumentation, testing surgical consoles, subsystems and PCBs, using logic analyzer, high speed digital oscilloscope and other electronic test equipment
- Performing preliminary validation and verification on products and subsystems
- Identify/define, analyze/quantify problems with senior engineer
- Electro-mechanical assembly, operating standard electrical test equipment, reading schematics

Engineer R&D Technician — 02/20 - 03/22

General Micro Systems - Rancho Cucamonga, CA

- Assist Manufacturing and R&D Engineering Staff - Develop, Build, Test, Debug and Validate Computer Hardware - Network Switch, Router, Benchmark Software, Windows & Linux Scripts.
- Prepare Test Procedures, Assembly and Working Instructions.
- Build Magnetic Components - Inductor & Transformer.

Senior Electronic Technician — 10/19 – 02/20

Micro Analog Inc - Manufacturing Services - La Verne, CA

- Prepare product, conduct testing, debugging, and documenting test results.
- Perform ICT and functional tests for analog, digital and microcontroller circuits.
- Schematic, Assembly Drawings, BOM, Soldering, SMT.

Franchise Owner - Real Estate Agent – Loan Originator — 10/90 – 10/19

• BRE 01164334 | NMLS 1353214	Ontario, CA	04/15 - 10/19
• AAMCO Transmissions	Fontana, CA	10/95 - 04/15
• Firestone Tires	Downey, CA	10/90 - 10/95

Electrical Engineer — 12/85 – 10/90

Hughes Aircraft | Space & Communication Group - El Segundo, CA

- Low Voltage Power Supply - Develop, Test, Worst Case Analysis (Power, Efficiency, Stability).
- RF Testing - Upconverter, Downconverter, Transmitter, Receiver.

Electronic Technician — 10/83 – 12/85

Safetran System	Rancho Cucamonga, CA	09/84 – 12/85
Teledyne Analytical Instruments	City of Industry, CA	10/83 – 09/84
